

Dedicated to delivering:
value. trust. innovation.

Dedicated Development Teams

A group of business professionals are seated at long desks in a modern office, working on computers. The office has large windows in the background, and the atmosphere is professional and collaborative. The image is used as a background for the top half of the page.

About us

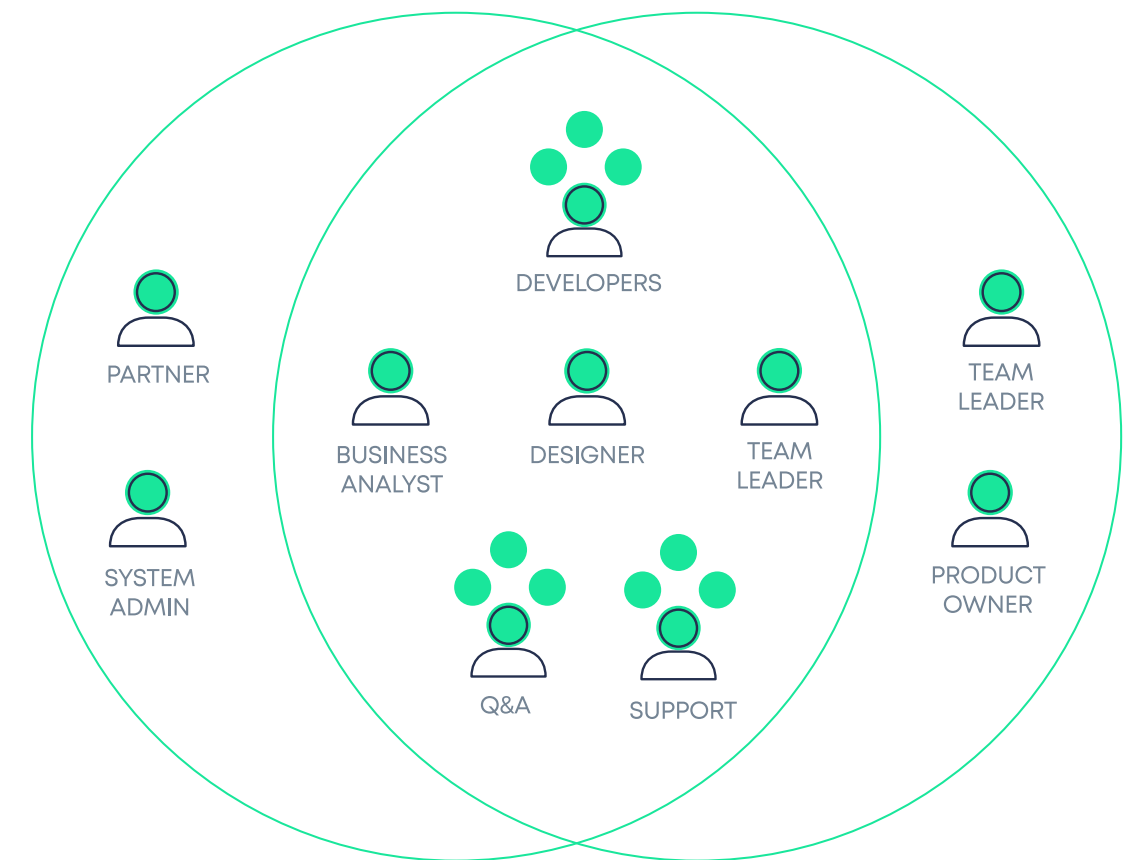

Business Outsourcing Services is a boutique software service company that provides cutting edge solutions and dedicated teams in order to help businesses with digital transformation. Since 2010 we have been helping global companies and brands establish and reimagine their businesses by building prime software solutions.

With proven experience in Nordic market and various industries such as Human Resources, Cybersecurity, Fintech etc. we have the knowledge and skills to help our customers build a solid software foundation, adopt new technologies and solve complex issues.

Dedicated development teams

cost effective. flexible. customized

What we specialize in is hiring top tech talent, creating a loyal dedicated team of experts with the niche skills and expertise you need. Our goal is to help you quickly scale your delivery capacity, be flexible and provide a tailor-made reliable team which will be dedicated to your business and your product.

Additional services you can combine with your dedicated team:

Based on your business needs and your budget, opt for one of our key services anytime - design, infrastructure planning, technical and customer support or end-to-end product delivery.
